AL JALILA FOUNDATION
Fundraising Toolkit

Dear Partner

Thank you for your interest in Al Jalila Foundation and for investing your time and efforts for a great cause.

Through our commitment to medical innovation and mission to brighten the future for generations to come, we invite you to partner with us to fundraise for our healthcare programs and spread hope to those most in need. Everything we do is focused to improve the lives of patients and with each new breakthrough brings with it a new sense of hope lighting the path for a brighter tomorrow.

We rely on donors, partners and the community to continue the work we do, therefore, philanthropic partnership is the key to achieving our goals. Our most successful partnerships span a multi-year life cycle that involve a number of different strategies as we move forward and grow as an organisation.

The benefits of a strong CSR program are twofold as organisations can improve the environment in which they operate as well as improve visibility, reputation and standing within the community. Research shows that more than 84 percent of global consumers want to use socially responsible services and products, proving that today's consumer choices are driven toward a good cause.

Through this toolkit we invite you to become a Champion of Hope and explore innovative CSR opportunities with Al Jalila Foundation to make a greater impact in the community and transform lives.
