Dear #PINKtober Partner

Thank you for your interest in #PINKtober 2020, the ever growing nationwide month long campaign to raise awareness and funds to advance breast cancer research in the UAE.

Every year thousands of people across the UAE come together during October to lend their efforts, voices and hearts to a cause that continues to cut so many lives short. With your support we can continue to spread awareness on the importance of early detection, invest in breast cancer research and support the treatment of breast cancer patients in the UAE.

We are delighted by the enthusiasm we receive from our partners, like you, and look forward to working with you to amplify our message and rally the community to join our mission to make a difference to the lives of people affected by breast cancer. We have developed a special toolkit for our breast cancer campaign and hope it will aid in planning your participation in #PINKtober and inspire ideas of your own to spread hope.

On behalf of Al Jalila Foundation and Brest Friends, thank you for joining us in the fight against breast cancer to save the lives of our mothers, sisters, wives and friends. The fight will not end until a cure is found.

Best regards,

Sulaiman Baharoun

Director of Partnerships & Sustainability

Al Jalila Foundation

Al Jalila Foundation

Al Jalila Foundation, a global philanthropic organisation dedicated to transforming lives, was founded by His Highness Sheikh Mohammed Bin Rashid Al Maktoum, Vice President and Prime Minister of the United Arab Emirates and Ruler of Dubai in April 2013, to position Dubai and the UAE at the forefront of medical innovation.

Al Jalila Foundation supports medical treatment for individuals unable to afford quality healthcare; provides scholarships to nurture a home-grown generation of medical professionals; and funds ground-breaking research that addresses health challenges prevalent in the region: cancer, cardiovascular diseases, diabetes, obesity and mental health.

Al Jalila Foundation is named after Her Highness Sheikha Al Jalila Bint Mohammed Bin Rashid Al Maktoum, the daughter of His Highness Sheikh Mohammed Bin Rashid Al Maktoum.

Al Jalila Foundation is fully-funded by the generosity of donors. 100% of funds donated to Al Jalila Foundation are invested into medical research, education and treatment in the UAE.

Al Jalila Foundation is one of 33 member organisations under the Mohammed Bin Rashid Al Maktoum Global Initiatives embodies the vision of His Highness Sheikh Mohammed Bin Rashid Al Maktoum to improve the Arab world through humanitarian, developmental and community work.

We have all been affected by breast cancer in some way, Breast Cancer Awareness Month is an opportunity to bring the community together to fight breast cancer, honour patients and survivors, and remember the people we have lost. It is also a month that symbolises hope that the disease can be beaten and we will not retreat until a cure is found. I remind everyone that breast cancer awareness should not be limited to the month of October and call on the community to keep the message alive all-year round. I cannot emphasize enough the importance of early detection, do not wait until October to take action. ”

Brest Friends

Brest Friends

Breast cancer is the most common cancer among women with 1 in 8 women being diagnosed in their lifetime. Studies show that the average age of diagnoses is 10 years younger in the UAE than elsewhere in the world. These statistics reaffirm the critical need for research to keep up with the latest advances in treatment to save patients' lives.

Al Jalila Foundation in partnership with Brest Friends is a forerunner in raising awareness on the importance of early detection of breast cancer, furthering patient support with medical treatment and investing in local breast cancer research.

Brest Friends is the first breast cancer support group in the UAE established in 2005 by Dr Houriya Kazim, the UAE's first female surgeon, where patients and survivors meet monthly to learn, share experiences and offer moral and emotional support to each other which has shown to be instrumental in a woman's healing process.

Through partnership with Al Jalila Foundation in 2015, Brest Friends is further empowered to fulfil its goals and raise funds for breast cancer research and treatment in the UAE. Advances in research offer hope and healing to countless women diagnosed every year and all funds raised are used to accelerate breast cancer research and provide treatment to patients in need.

BREAST CANCER AWARENESS MONTH **#PINKtober**

Breast Cancer Awareness Month is an international health campaign every October to increase awareness of the disease and raise funds for research into its cause, prevention, diagnosis, treatment and cure. The month-long campaign is symbolised by the colour pink and around the world pink has become synonymous with breast cancer awareness. Click here to see our [#PINKtober 2019 Champions of Hope](#).

THE PINK RIBBON **Symbol of Hope**

The pink ribbon is an international symbol of breast cancer awareness. Pink ribbons, and the color pink in general, identify the wearer or promoter with the breast cancer brand and express moral support for women with breast cancer. Pink ribbons are most commonly seen during National Breast Cancer Awareness Month. Wear your pink ribbon with pride!

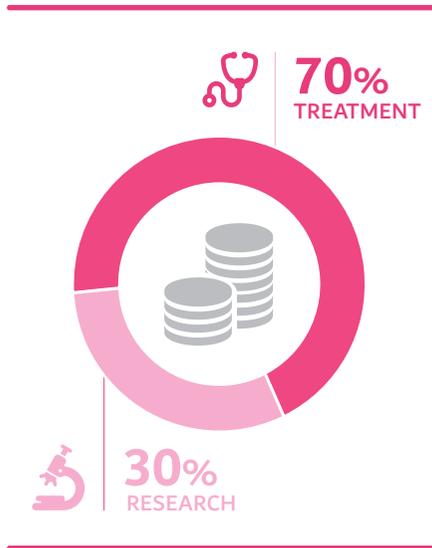

OUR Impact

Brest Friends partnered with Al Jalila Foundation in 2015 and the partnership has yielded positive results to advance breast cancer care in the UAE. More than AED 6.2 million has been invested into life-saving treatment to support 46 women and fund 9 breast cancer research studies. Community engagement continues to increase every year with more than 100 breast cancer awareness events involving schools, corporate and government partners hosted throughout October.
